Description

Chalet Le Grenier in Méribel provides all you could want from a luxury ski chalet. Moments from the slopes, with sleek alpine interiors, stunning views and a great number of spa and entertainment facilities for you to enjoy. With room for 12 guests across its 6 stylish bedrooms, Chalet Le Grenier is ready to welcome large groups of friends and family for a Méribel ski holiday.

The chalet encompasses five floors and 550m² of space, and you'll find the main living spaces on the chalet's ground floor. A lavish lounge benefits from plush contemporary furnishings, a cavernous, tall, vaulted ceiling, and a central stone fireplace that rises from floor to ceiling. The fireplace separates the lounge from the sophisticated dining area, where you will also find a kitchen tucked around the corner. This open-plan room features tremendous picture windows which treat you to beautiful views down the valley, as well as granting access to the sizeable terrace. The terrace is the perfect space to enjoy the fresh Alpine air, with comfortable furniture to relax upon and even space for some alfresco dining.

Heading down to the lowest level of Chalet Le Grenier will introduce you to its delightful spa area. Walls of black stone surround the deluxe, sunken indoor hot tub, with ample space for your group to unwind. Sitting opposite the hot tub is a sauna for easing those tired ski legs, while a massage room can be found to indulge in further wellness treatments. Lastly, the spa area also has a chalet gym, with some cardio machines and weights to help you warm up or cool down from a day of exploring the world's largest ski area.

Chalet Le Grenier is well-equipped with a number of facilities that are sure to keep guests of all ages entertained and occupied. The top floor of the chalet houses a refined TV snug with a snooker/pool table, the ideal spot to enjoy a few drinks and some friendly competition. A family living area can be found just off the main lounge on the ground floor, where cosy nights in front of the TV await. Adjacent to this secondary lounge is a library/study, well suited for anyone who needs to do some work while away on their ski holiday or who simply wants a quiet place to read.

The six bedrooms of Chalet Le Grenier are split between the two lower ground floors of the chalet. All the bedrooms come en-suite with both baths and showers, and all offer luxurious beds and polished interior design that exudes a sense of modern Alpine luxury. There are two spacious Master double suites to be found, while the other four rooms can all be configured as either double or twin bedrooms. All but one of the bedrooms also benefits from a shared or private balcony, allowing you to admire the pretty mountain views from the comfort of your own suite.

Chalet Le Grenier has an internal elevator that runs between all floors but the top level of the chalet. There is parking available at the chalet for up to 6 cars. On entrance to the chalet, you will find a ski room with boot warmers, a place to store all your equipment and gear for the ski days ahead.

The chalet is just 50m from the Morel chairlift and the bottom of the blue Hulotte piste. From the top of the chairlift you can ski down the green Foret run onto the blue Doron piste which takes you down to the main lift hub at La Chaudanne. Alternatively, you can take advantage of the driver service to take you down to the Chaudanne in just 4 minutes.
