Description

Finca Julio is placed in an idyllic location, nestled into the countryside with very nice mountain views. The original Finca, which dates back more than 300 years, has been beautifully restored and is set within a 25 acres estate.

Built on two floors the property has many traditional features, inner stone walls and beamed ceilings which lend charm and character. Located off an unmade track lane, Finca Julio offers peace and tranquillity with really beautiful views across the valley.

Entrance through the wooden double doors open onto the spacious open-plan dining room with two steps leading up to the lounge area which has a very original round table made from an original olive press. This area has a DVD player and Satellite TV. To the rear of the dining area and through an inner stone archway we find the traditional style kitchen. There is an electric oven with gas hob, fridge/freezer, microwave and dishwasher. Opposite the kitchen is the guests shower room & WC. The side door leads us out onto the rear terrace and pool area. The villas has internet connection WIFI.

A very special feature of this house is the drawing room with comfortable sofa, log fireplace and original stone wall. From here a wooden staircase leads up to the open plan double bedroom with ensuite shower room. The bedroom has wooden floors and boasts beautiful views across the countryside. From the main hall, a second staircase leads up to the rest of the accommodation, two double bedrooms and one twin bedroom all of which share two bathrooms, one with a bath and the other with a shower unit. Most of the rooms have vaulted ceilings, wooden beams and rustic artefacts.

This country house provides comfortable accommodation and is refreshingly cooler in summer mainly due to the thick stone walls.

The swimming pool has corner steps, furnished sun terraces, and a comfortable poolside casita adjacent to the furnished al-fresco dining terrace.
