Description

"This delightful Corsican villa boasts the ideal mix of stunning views, peaceful seclusion and easy access to activities and amenities"

Casa Marcella can be best described as Corsica at its best. On the one hand you are in delightfully peaceful seclusion, surrounded by centenarian olive trees, cork oaks, umbrella pines and the aromatic scents of “maquis” *(evergreen wild Corsican shrubs)* With no immediate neighbours, this is a true oasis of tranquillity. On the other hand, you are just a short drive from the beautiful Santa Giulia beach. This excellent location is reflected in the stunning views enjoyed from the outdoor terrace and the private swimming pool - the crystal clear blue sea in the distance contrasting with the distinctive greenery. What a magnificent backdrop to long lunches and evening drinks with family and friends.

Inside, you will find a villa masterfully designed to reflect the traditions of this part of Corsica. The neutral décor is complimented by the odd splash of bright bougainvillea colours, a reference to the plant found throughout the island. Further, the air-conditioning throughout and the bedrooms' private terraces ensure both comfort and privacy.

As well as the short drive to Santa Giulia beach, where you can try out an array of water sports or enjoy a couple of drinks at one of the beach bars, you are also just 15 minutes by car from Porto-Vecchio. Here, a visit to one of the cafés and restaurants of the old town is a great way to spend an afternoon.
