Description

Villa Serenade is cited at close proximity to the beaches of Makris Gialos and Xidia, known for its natural sulphureous soil and healing properties. The property is newly developed of the highest standards, to offer a modern set up amidst natural landscape, while enhancing the feeling of freedom and relaxation.

The interior spaces interact with each other via courtyards and open-air volumes, while blending with the exterior in line with Greek architecture to offer a unique island lifestyle and ambiance. Paying special tribute to the island's landscape, the design offers natural colors and choice of materials, while the minimal lines offer a simple sophistication and aura.
