Description

In Mont d'Arbois, this small jewel of prestige and discretion of 700 square meters, decorated with furniture of great designers and many works of contemporary art, brings together the ultimate in technology and refinement. Elements such as the indoor natural stone pool with hydraulic floor, the Jacuzzi and the Hammam from which you can admire the starry sky, make the splendour of this place. The cinema room is equipped with a bar and ultra-chic furniture and can be converted into a disco. You can also relax in the magnificent living room that opens onto the terrace with a view of the slopes. Five bedrooms with en-suite bathrooms, including fireplace or plasma TV for some, are spread over the two floors of this sumptuous chalet. In addition this chalet is located in a calm area where one can Ski in and Ski out.

Megeve is situated about 10 km off the main road from Geneva to Chamonix and is one of the most chic villages that one could hope to come across. Megeve is part of the Evasion Mont Blanc ski area. As well as the full range of facilities associated with a village that is bustling with visitors all year, there are many other facilities e.g. a large sports complex, outdoor pool, horse drawn taxis, many quality restaurants and some excellent designer shops in an atmospheric pedestrian area. There are three main ski areas; Mont D'arbois, Rochebrune and Le Jaillet, which offer 445 km of pistes and are served by 111 lifts. With the resort being relatively low, much of the skiing at Megeve is on beautiful tree-lined slopes with picturesque views of the surrounding mountains. Not to be missed is the view of Mont Blanc from the excellent value restaurant at the top of the Bachais chairlift, in Le Jaillet area. It is a great advantage to have a car to reach the ski access points as the buses can be very busy during peak periods but be aware that snow chains are required in winter. The village of Megeve retains a very French feel unlike some of the resorts.
