This is the ideal villa to relax and unwind, while for those looking to stay fit during their vacation there is a Gym, Sauna, Hamam, changing rooms, two separate showers, and an elegant bathroom.
The outdoor spaces include two large terraces offering a stunning view which starts with the island of Dia on the left, the port, the castle, and the entire city from east to west. While away the hours in the amazing seawater swimming pool, double whirlpool Jacuzzi, large pool terrace, and enjoy the amazing outdoor dining area with concrete benches and a stunning marble table. There is also an amazing ergonomic zone for preparing traditional dishes featuring a wood-fired oven, barbecue and a range of other cooking equipment.

Behind the Villa there is a spacious green area, with trees that flourish in the area's microclimate, as well as citrus trees. Not only do they paint a picture of calm, they also product amazing lemons, oranges, bananas and mandarins.
Between the villa's terraces and the sea are a series of retaining walls of various heights made of local stone planted richly with shrub and tree species that flourish in the area.
