Description

Villa Ourika is a newly constructed residence available for rent in the island of Santorini. The property enjoys a privileged position at the edge of the Megalochori caldera, blending in with the horizon and the breathtaking views. Guests can enjoy front row sunset views, space which is often scarce in the caldera's residences and impeccable service.

The villa's minimal design, the privacy and calmness of this secluded area, the sea's peaceful sounds and the mesmerising volcano views complete the tranquil ambiance and character.

The outdoor area features lounge and dining area with a BBQ while the area by the pool offers umbrellas and sunbathing chairs to relax and enjoy the views. At sunset this is the ideal setting to enjoy our private Chef services, or a wine tasting experience.

The interior design follows the Cycladic minima lines, where the white prevails. Space, white expressions, wood and some grey touches create a harmonious home away from home.

Villa Ourika is ideal for friends, families and groups celebrating special occasions in total privacy.
